TOURISM MALAYSIA®

Visit Malaysia 2026-2027 Truly Asia®

Edu+ 2.0

Fun way to learn!

PREFACE

MOHD AMIRUL RIZAL ABDUL RAHIM

DIRECTOR GENERAL, TOURISM MALAYSIA

Greetings from the heart of Malaysia, a wonderful land where diversity and traditions come alive in their most vibrant and captivating form.

Malaysia, renowned for its rich multicultural heritage, warmly welcomes you to a destination that offers not only high-quality, internationally recognised, and affordable education, but also an unforgettable cultural journey. With a relatively reasonable cost of living and an abundance of unique experiences, Malaysia is the ideal place to learn, explore, appreciate, and thrive.

Discover EduPlus 2.0, a unique educational initiative that takes learning beyond the four walls of a classroom. Designed to provide a truly immersive experience, the programme introduces students to Malaysia's diverse cultures, colourful festivals, revered traditions, and dynamic way of life. Experience authentic village living through our homestay programme, where you will build meaningful connections with welcoming local families while gaining first-hand insight into Malaysia's abundant offerings, including its warm hospitality and rich national heritage.

Beyond the classroom environment, Malaysia offers countless opportunities for discovery and adventure. Relax on the pristine white-sand beaches and crystal-clear waters of the east coast islands, or seek excitement at our world-class theme parks and exhilarating white-water rafting destinations nestled within lush tropical forests. Nature lovers can explore our spectacular national parks, home to extraordinary biodiversity, breathtaking landscapes, and remarkable wildlife.

Supported by world-class infrastructure, excellent connectivity, and a safe, welcoming environment, Malaysia provides international students with everything they need for a comfortable and enriching educational experience.

Come and immerse yourself in an education that extends far beyond textbooks, enriched by experiences that inspire cultural understanding, foster lifelong personal growth, build lasting friendships, and create memorable adventures.

We look forward to welcoming you to Malaysia Truly Asia, where learning meets discovery, and every moment of your educational journey becomes an opportunity to connect and grow.

PREFACE

NAPEI

NATIONAL ASSOCIATION OF PRIVATE EDUCATIONAL INSTITUTIONS

It is my pleasure, on behalf of NAPEI, the National Association of Private Educational Institutions Malaysia, to welcome you to EduPlus 2.0.

EduPlus 2.0 is a learning adventure that helps young people discover Malaysia in a fun, safe, and meaningful way. NAPEI is pleased to support this program because it brings together education, exploration, culture, and real-life learning.

Established in 1987, NAPEI has long worked with private education providers and education partners to support responsible, high-quality learning in Malaysia. Through cooperation, sharing of good practice, and support for positive learning initiatives, NAPEI continues to play its part in strengthening Malaysia's private education community.

In EduPlus 2.0, NAPEI's involvement helps strengthen the education side of the program. We are pleased to support activities that are planned with care, purpose, and educational integrity.

EduPlus 2.0 is more than a normal holiday. Children learn through real experiences—exploring wildlife, farming, food science, puppetry, aquariums, biomedical science, and other hands-on activities. These activities are also linked to language learning, especially the use of English in real situations. Children practice English by listening, asking questions, working in teams, describing what they see, and talking about what they discover.

I hope EduPlus 2.0 will help young learners and families experience Malaysia not only as a place to visit but also as a place to learn, communicate, explore, and grow.

Datuk Lau Wai Cheng
President NAPEI
MALAYSIA

INTRODUCTION

Young Learners Discover, Explore and Grow in Malaysia

Malaysia is a country of nature, culture, colour and warm hospitality. For young learners, it offers more than a travel destination. It offers a living classroom where learning happens through discovery, experience and friendship.

EduPlus 2.0 brings together education, eco-tourism, culture and hands-on discovery in a practical, enjoyable and meaningful way. This brochure serves as a practical directory and guide for parents, school principals, educators and travel agents planning educational trips to Malaysia.

The idea is simple but exciting: young people learn best when they are actively involved. EduPlus 2.0 programmes are carefully planned and specially crafted to combine engaging activities with clear learning purpose. Through a wide range of experiences, participants explore new ideas, develop practical awareness and connect learning with the world around them.

For families, EduPlus 2.0 helps parents select suitable experiences and activities for their children. For schools, it offers programmes linked to areas such as sustainability, arts and culture, STEM, environmental awareness and Malaysian heritage. These experiences are designed to inspire students, challenge their imagination and creativity, and help them understand the world from different perspectives.

For travel agents and education partners, EduPlus 2.0 offers a flexible way to plan individual or group educational travel programmes in Malaysia, with options that can be matched to different interests, age groups and learning objectives.

Activities are guided by trained educators and experienced facilitators who help participants ask questions, solve problems, work in teams and talk about what they discover. Many programmes also encourage the natural use of English in real situations, helping learners build communication confidence while enjoying the experience.

EduPlus 2.0 invites young learners to visit Malaysia, learn with confidence, and grow through experience.

Animal Neighbours Project is a conservation initiative that empowers young nature explorers through interactive wildlife education, inspiring children to understand animal behaviour, appreciate biodiversity, and coexist responsibly with Malaysia's urban wildlife.

PROGRAM OVERVIEW

What if exploring nature inspired you to become a wildlife protector? Junior Conservationist is a hands-on outdoor adventure where participants discover local wildlife, learn conservation methods, and experience real field techniques like wildlife observation and camera traps.

A meaningful nature experience that nurtures curiosity, environmental responsibility, and a deeper appreciation for protecting Malaysia's wildlife and natural ecosystems.

DURATION

3 Hours

LOCATION

Rimba Ilmu Botanic Garden, Kuala Lumpur

SPECIAL HIGHLIGHTS

- Discover Urban Wildlife
- Spot Local Wildlife & Behaviours
- Learn Safe Wildlife Observation
- Try Real Conservation Tools
- Build Care & Responsibility For Nature

ACTIVITIES

- Welcome & Safety Briefing
- Guided Family Hike
